Raji – on our conference call last week, we were discussing EPA comment number 8 regarding the 2003 remediation of the “Former Buried Waste Pit”, i.e., the pit that was west of the warehouse. I mentioned that we had compiled what we believe to be a complete copy of the report prepared by US Oil Recovery LLC (Klaus Genssler) and sent to TCEQ. You asked that we send you that report and it is attached to this email.

Contact me with any questions.

Regards,

Matt
